WHISKEYS

Midleton Very Rare €16.10

Bourbon or Sherry casks, 40%.
As the name suggests, the whiskey is produced in limited quantities. Only 50 casks are released each year, it is therefore both expensive and collectible. Each bottle is individually numbered and signed by the Master Distiller. The whiskeys used in the blend are handpicked by the Master Distiller, all are triple distilled and have aged between 12 and 25 years in individually selected Bourbon or Sherry casks.

Midleton Barry Crockett €18.20

Ex-Bourbon and Virgin Oak casks, 46%.

**Dungourney 1964 Pure Pot Still
Special Reserve** €36.10

Ex-Bourbon barrels, 40%. Dungourney whiskey was born when, in 1994, master distiller Barry Crockett found some whiskey in warehouse number 11 that was not on the company's register. Some sources say there was just one cask but given that this has been matured in ex-Bourbon barrels and the production run was more than 1200 bottles then there were more likely three or more barrels.
